## GROUNDS AND GARDENS

Weymere is approached via its driveway which leads to the integral double garage with light and power and remotely operated automatic door. The wraparound gardens have been carefully designed to take full advantage of the split-level nature of the plot with the main features being the triangular composite sundeck enclosed by aluminum railings. Steps down lead to a paved pathway, level lawn and a matching sundeck at the side where there is gated side access to the front. From the other side of the sundeck steps lead down to another area of lawn and an additional raised deck in front of the summer house.
