

Hill Road, Grayshott, Hindhead, Surrey
Price Guide £100,000 Freehold

HILL ROAD GRAYSHOTT, HINDHEAD SURREY GU26 6HL

Price Guide £100,000 Freehold

An interesting and attractive parcel of land with development potential located in the centre of Grayshott amounting to 0.366 of an acre. The plot is fairly overgrown with dense foliage and some tree cover.

Unconditional offers are sought for this property.

This unusual parcel of land which has been dormant for several decades is adjacent to the well known Grayshott Working Men's Club. The site can be visited at any time and you can park in the Club car park. We have had confirmation from the manager that any visitors are more than welcome to drop in and partake of the facilities of the Club. This site is obviously going to be of interest to developers and speculators as it lies within the settlement area of the village of Grayshott. It would appear from initial inspection that all services are in the road or close to the site including mains drains, electricity and water. Whether the site is suitable for intense residential development is questionable and we have not sought independent planning advice on this and it will be down to individual buyers and interested parties to carry out their own investigations.

Care is advised when visiting the site as it is significantly overgrown although there are pathways which have been forced through.

Offers are invited on an informal tender basis to Mark Steward, Clarke Gammon, Haslemere email: mark.steward@clarkegammon.co.uk.

Proof of funds will be required along with all the usual compliance. All offers will be submitted to the Trustees of the property but will need to be via email with supporting documentation.
